

Electronic system for NGOs

The project aims to facilitate and automate the services provided by the ministry of civil organizations and made available on the ministry's web site.

Objectives of the project:

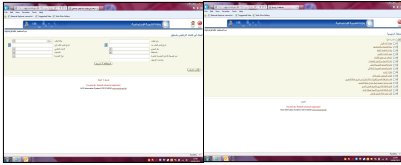

1. Accelerate and organize procedures for transactions within the ministry.
2. Submission of applications and update data organizations through the ministry's web site.
3. Ensure the accuracy of the information through an automated link.
4. Electronic archiving of paper documents.
5. Provide an easy mechanism for follow-up tasks, and evaluate the performance of employees.
6. Facilitate the decision-making process it provides an integrated information system for NGOs.
7. Issuance of statistical reports
